Subject: FUDS pre-CERCLIS Screenings - St Louis (ex) Army Support Center
Area 3 of 3 site, St. Louis, Missouri

Site: <u>ST. LOUIS AREA</u>
ID #: <u>MON000504693</u>
Break: <u>1.0</u>
Other: <u>LV 6/14/04</u>

Kurt,

Reference is made to your letter, dated April 29, 2004, regarding the submittal of pre-CERCLIS Screening determinations for EPA's review.

I have reviewed the Initial Site Screening Report, dated March 16, 2004 for the St Louis (ex) Army Support Center Area 3 of 3 site, St. Louis, Missouri. I have no review comments on the report.

You have determined that, 'A preliminary assessment should be conducted on the entire facility to determine if DOD contamination is present' I am agreeing with your conclusions.

I would suggest that as part of the preliminary assessment activities that a title search also be conducted and that a preliminary HRS score be determined.

I will go ahead and fill out the appropriate data entry form, but in the future I would prefer that this form be provided with the report.

If you have any questions, please contact me.
